280

MADE IN ITALY

RTK 280

Volume

0,45 m³

Size

120x60x62 cm

Weight

70 Kg

PROFESSIONAL SANDER WITH SINGLE DISC AND VARIABLE SPEED IDEAL FOR GRINDING FLUSH AGAINST WALLS.

RTK 280 is a single disc sander, very compact with high performance, easy to transport, and reaches narrow and impractical areas. Thanks to the articulated head and the opening tool cart with guided wheels on both sides, the RTK 280 can also be transformed into an effective edge sander in just a few seconds.

MAIN CHARACTERISTICS:

- Tool casing height only 100 mm! Smooth under shelves etc.
- Perfectly balanced during sanding with vibration levels much lower than other market appliances.
- Swivel head on three angles: left, center and right. Operation can be performed in seconds and without tools.
- Tool holders mounted on a levitating joint that follows the floor at all times.
- Quick, safe and fast tool change without the use of a key or hammer.
- Height adjustable wheels.
- Detachable chassis for easy transport.

TECHNICAL DATA

Model	Motor	Amp	Volt	Hertz	Tool Speed	Working Area	Tool Size	Water Tank	Size LxAxP cm	Weight
RTK 280	2,6 kW	14	1x230	50	1400 rpm	280mm	1x280mm	8 lt optional	90x75x39	55 Kg
RTK 280 VS	3 kW	12,5	1x230	50/60	840 - 1680 rpm	280mm	1x280mm	8 lt optional	90x75x39	55 Kg

Compact and performing single disc grinder, operates flush against walls.

Quick tool change, speedy and safe. Tools are available for any need. RTK280 allows effective removal of glues and resins.

The girating head together with the guided wheels allows the edge to be accessed.

Swivel head on three angles: left, center and right. Operations can be performed in seconds and without extra tools.

Foldable handle reduces space during transport. Thanks to the compact design RTK280 easily enters any vehicle.

RTK 280

Bush-hammering disc.

On-board polishing with HCR and GIAGUAR FLEX resinoid disks.

The guided wheel allows the optimal working position and facilitates the smoothing of the wall.

The quick release covers allows a speedy conversion to wall grinding on two sides.

Reverse rotation option button for the disk.

Spirit levels for perfect balance of work surface.

Additional socket on board.

TOOLS

BUSH HAMMER exclusive tool useful for many applications.

SANDBLASTING sandblasting effect.

PDC SCRAPER for resin removal and thick coatings.

PDC HYPER SCRAPER for resin removal and thick coatings.

TCK ARROW for resin removal and paints on hard concrete floors

BT ROUND for the removal of lower thickness resins and paints.

TCK SERIES preparations and removal of coatings on concrete floors.

HG-M diamond tools for medium abrasive concretes.

HG-X diamond tools for grinding HARD floors.

HG-S diamond tools for soft concrete.

HG-A diamond tools for very abrasive and asphalt concrete.

HG-N for standard concrete.

TRAPEZIODS

SPRING HOLD SYSTEM for perfect and homogeneous concrete polishing.

JUMPY GREEN for smoothing and polishing concrete floors.

SERIES MM metal diamond discs for polishing marble.

JUMPY YELLOW Resin disks for brightening marble floors.

SERIES MTM To smooth terrazzo, limestone, travertine and abrasive floors.

JUMPY ORANGE for brightening granite, Terrazzo, Limestone and Sown.

SERIES GM Metal diamond discs for smoothing granite and stoneware.

JUMPY RED Resin diamond disks for polishing granite and stoneware.

PAVELUX to remove adhesive or polish marble and granite.

ANTIQUE BRUSH system to clean marble, stone and terracotta.

TOOLS BOX Complete kit for grinding and polishing.
